Checklist Assessment

Recommendation 1. Utilize data systems that support a realistic diagnosis of the number of students who drop out and that help identify individual students at high risk of dropping out	Presence		Level of Success				Restudy		
Checklist	Yes	No	VG	G	A	P	Yes	No	?
☐ Use longitudinal, student-level data to get an accurate read of graduation and dropout rates.									
☐ Use data to identify incoming students with histories of academic problems, truancy, behavioral problems, and retentions.									
☐ Monitor the academic and social performance of all students continually.									
☐ Review student-level data to identify students at risk of dropping out before key academic transitions.									
☐ Monitor students' sense of engagement and belonging in school.									
☐ Collect and document accurate information on student withdrawals.
